Building your timetable

The screenshot displays the 'Campus Management for Students' website. The top navigation bar includes the KIT logo, a search bar, and dropdown menus for 'SEMESTER' (WS 19/20) and 'DEGREE PROGRAM' (88-748-H-2015). A left sidebar menu lists various services, with 'Events' highlighted by a red box. The main content area features a 'Welcome to the Study Portal at KIT' banner, a 'Hello' greeting, a 'Log Out' button, and a list of services including 'events', 'examinations', 're-registration', 'certificates', and 'personal information'. A 'Quick Start' sidebar on the right lists links to the University Calendar, Extended Search for Events, Event Favorites, Timetable, Examination Registration, Payment and Re-Registration, Study Certificates, Grade Table, and Verification of Certificates. A 'New at KIT?' section provides information on study start programs, and a 'KIT Account' section offers links to account settings and information.

Re-Registration

Payment and Re-Registration

Mandate Management

Fees Account

Personal Information

Contact

Re-Registration

You can pay the semester fees and then re-register in the "re-registration" section. The re-registration is necessary every semester if you want to continue studying at the KIT.

Payment and Re-Registration

If there are no reasons not to re-register (e.g. missing documents or evidence), you can re-register online. If you have granted us a SEPA mandate, you are immediately re-registered and can download and print out all [certificates](#) as PDF files.

If you do not wish to use the direct debit procedure, you can also transfer the amount. In this case, the re-registration only becomes active when the fees are received by the Student Service. Until then, you will not be considered as re-registered and you will not be able to issue certificates for the relevant semester. Information on bank details and the purpose for which your payment is to be used can be found here.

Please note that the KIT levies late fees of 15 euros for late re-registration according to §2 of the statutes on the levying of fees for guest students and other study-related services [↗](#).

Mandate Management

Here you can create a SEPA mandate or view a mandate that has already been created. The SEPA Mandate is comparable to the previous direct debit authorization. This online mandate is only valid for this one fee payment process. Further direct debits will not be collected via this mandate. If you have not yet issued a mandate, you will be asked to do so in the course of the "Payment and Re-Registration" process.

A SEPA mandate that has already been created can no longer be withdrawn online for the current re-registration period. If you have entered an incorrect IBAN or do not wish to use the direct debit procedure after all, please contact the Student Service.

Please note that you must in any case carry out the actual re-registration process under "Payment and Re-Registration" after the mandate has been issued. The mandate alone is not sufficient for a successful re-registration.

What is Re-Registration?

In order to continue your studies at KIT, you need to re-register for the following semester. During re-registration, the semester fees must be paid. Payment and re-registration must be made on time:

**For the summer semester:
01/15 - 02/15**

**For the winter semester:
07/01 - 08/15**

If you choose the direct debit procedure, the re-registration takes place online and you are immediately re-registered. Alternatively, you can also transfer the amount due. Should you fail to pay despite a reminder and expiry of the deadline or should you fail to meet the examination requirements for re-registration, you will be exmatriculated ex officio.

The Service Desk of the SCC cannot provide any information regarding a non-executed online re-

Fees Account

Re-registration

- Mandatory re-registration before each semester (mind the deadlines!)
- Pay manually by bank transfer or create an automated SEPA mandate
- Find re-registration deadlines online via <https://www.sle.kit.edu/english/imstudium/697.php>
- Plan enough time for the bank transfer (up to 10 days)

Certificates

The screenshot shows the KIT Campus Management for Students website. The header includes the KIT logo (Karlsruhe Institute of Technology) and the title 'Campus Management for Students'. On the right, there is a search bar and dropdown menus for 'SEMESTER' (WS 19/20) and 'DEGREE PROGRAM' (88-748-H-2015). A left sidebar contains a navigation menu with 'Certificates' highlighted in a red box. The main content area is titled 'Certificates' and contains an introductory paragraph and six informational boxes: 'Study Certificates', 'Grade Table', 'Course of Study', 'Certificates for all Semesters', and 'Verification of Certificates'. A right sidebar contains a section titled 'Where can I find more certificates?' with additional information and links.

Certificates

In the section "Certificates" you have the possibility to open or save various certificates as PDF documents.

Study Certificates

Here you will find all relevant study certificates (including KVV and BAföG certificates) for the semester for which you are currently re-registered.

Please note: For the submission to the BAföG office, no stamp of the student service is required on the title management certificate!

Grade Table

On this page you will find a list of grades for your degree programs. If you are or have been enrolled in more than one degree programs, select the desired degree program using the selection field next to the semester selection (top right).

If your grades are not listed in your grade table, please contact the examiner responsible so that he can arrange for your grades to be credited.

Course of Study

Here you can view the current course of studies for your degree programmes.

Certificates for all Semesters

Here you will find study certificates for the current and previous semesters.

Verification of Certificates

You can check the validity of existing statements using the verification key printed on them. This function is also available without prior logon.

Where can I find more certificates?

In addition to the certificates that you can download from the portal itself, there are [certificates](#) that can be issued by the Student Service by request. Please note that the issue of individual certificates takes several working days and that you should therefore make the appropriate enquiries in advance.

In addition, you can download further [applications and forms](#) as PDF documents and fill them in computer-aided (e.g. exmatriculation, leave of absence, refund of fees).
